Hi Chris, I will work with our Passaic River project team and regional management on this request. Sounds like a great idea and I hope that we can work something out. Please nudge me again if you do not hear back from me soon. What is the date of the event and what are the hours / expectations for our participation? Thanks.

Dave,

Hope all is well!

Quick question...

For the past couple of years we have organized a “Newark River Day”. The day begins with a “Walk to the Water” featuring residents and musicians from each of Newark's wards. Participants walk from Newark City Hall to the park for a day-long festival at the water’s edge. Festivities have featured Newark talent and culture, including Brazilian martial artists, hip hop dance, gospel, spoken word, arts & crafts, free public kayaking and canoeing, boating, educational activities including the Sewer-in-a-Suitcase, and kite-flying lessons. Visitors have also been able to inspect mock-ups of the extensive educational signage.

I know EPA was looking to come out to our event last summer, but it fell through last minute due to EPA weekend budget constraints... Would you happen to have a contact I could reach out to at EPA that handles tabling at community events? Would love to have you guys out there this year!

Best,

Chris
